

Payroll Funding History Reports

On the Payroll Funding History by Individual and Payroll Funding History by Org, these reports have been modified to include the following report types:

- **Full** – this report type will show the final funding amount that was charged
- **Detail** – this report type will show all of the funding changes (the pluses and minuses) that were made
- **Summary** – this report type will show a summary each fund and the percentage and amount that has been charged

When you run these specific reports you can now choose which report type that you want to see.

In the Payroll Funding History by Org report, currently there is a problem that occurs after you view an individual’s report and you click on the back button on your internet browser. When click on the back button, it doesn’t take you back to the list but here is a workaround until we can get it resolved.

1. When running the Payroll Funding History by Org report, you must view the results in .htm

Payroll Funding History by Orgn	
File name	Actions
Report - inputparms.sas	<input type="button" value="View"/> <input type="button" value="Save"/>
Excel - payroll_funding_hist_by_org.xls	<input type="button" value="View"/> <input type="button" value="Save"/>
Report - payroll_funding_hist.pdf	<input type="button" value="View"/> <input type="button" value="Save"/>
Report - payroll_funding_hist.htm	<input type="button" value="View"/> <input type="button" value="Save"/>

2. On the next screen you can click on a person’s name to view the payroll history report for that individual

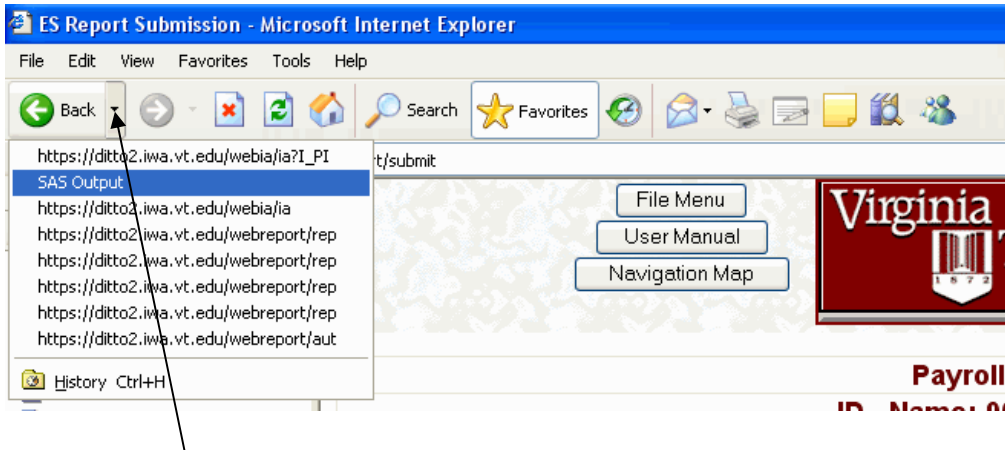

Payroll Funding History (Ver 7.0)
Organization: 045600 Department of Human Resources

ID	Name
905267264	Anderson, Cynthia L
904931598	Anderson, Kirk
905153892	Bowden, Peggy L
905135896	Burton, Patricia Anne
904588373	Castle, Sarah E
904497483	Compton, Susan W

Payroll Funding History (Ver 7.0)
ID - Name: 905267264 - Anderson, Cynthia L

Year	Pict Code	Pay No	Position	Seq No	Effective Date	Earn Code	Fund Code	Orgn	Acct	Prog	Pct	Amount	Activity Date
[Redacted Data]													

3. Unfortunately you cannot click on your back button on the internet browser to get back to the list but here is the workaround:

Click on the arrow that is beside the back button at the top of your browser page (it will vary between different browsers) and choose the 2nd option from the history list. This will take you back to the list page where you can click on another name.
