

Virginia Tech Alcohol and Drug Policy Summary

Virginia Tech strives to maintain a work environment free from the adverse effects of alcohol and drugs. For the university to remain in compliance, and as a condition of employment, employees must abide by the terms of policies [1020: Policy on a Drug-Free University](#) and [1015: Alcohol Policy](#).

These policies prohibit the unlawful or unauthorized manufacture, distribution, dispensation, possession, or use of alcohol and illicit drugs by employees and students on university property or as part of any university activity. They are consistent with the federal *Drug Free Workplace Act of 1988*, the federal *Drug Free Schools and Communities Act of 1989*, and the *Commonwealth of Virginia's Policy on Alcohol and Other Drugs*.

Any employee or student who violates these policies is subject to disciplinary action up to and including termination of employment, expulsion from the university, referral for prosecution, and/or referral for satisfactory participation in an appropriate evaluation or rehabilitation program. The university's enforcement of these policies has a direct impact on the federal funding Virginia Tech receives.

Specific acts that are subject to disciplinary action include:

1. The unlawful or unauthorized manufacture, distribution, dispensation, possession, or use of alcohol or illicit drugs in the workplace, on university property or as part of any university activity.
2. Reporting to or remaining at work impaired by, or under the influence of, alcohol or illicit drugs
3. An action which results in criminal conviction for
 - a. A violation of any criminal drug law, based upon conduct occurring either on or off the workplace, or
 - b. A violation of any alcoholic beverage control law, or law that governs driving while intoxicated, for conduct occurring in the workplace.
4. The failure to report to their supervisors in writing that they have been convicted of any offense as defined in item three above, within five calendar days of the conviction. (*Supervisors are required to report such occurrences to the Department of Human Resources immediately.*)

Employees who desire assistance with counseling, treatment, and/or rehabilitation programs have the following resources available to them:
