Your High Deductible Health Plan is HSA Compatible

Enrollment in a HDHP allows you to set up a personal Health Savings Account (HSA) through a bank or other financial institution to help you manage health care expenses or save for retirement. HSAs were created as part of Medicare reform legislation in 2003. An HSA is a tax-favored account that allows those covered by a HDHP to pay for certain qualified medical expenses. It can help you save on the cost of your health insurance and health care expenses, and also help pay for covered services before you satisfy the health plan deductible. If you decide to set up an HSA to work with your HDHP, confer with your tax advisor, bank or other financial institution.

The following Web sites are a good place to start learning more about HSAs.

- [www.treasury.gov](http://www.treasury.gov) – Provides an overview of HSAs, answers to frequently asked questions and important IRS forms and applications. Search using keyword HSA.
- [www.hhs.gov](http://www.hhs.gov) – Provides general information about HSAs and other tax-favored health plans. Search using keyword HSA.

*Note: If you have an HSA, you cannot also have a Flexible Spending Account unless it is limited in scope. More information is available from tax consultants or financial institutions.*
Medical and Behavioral Health

- Psychiatrists

To avoid higher out-of-pocket costs, always check to be sure a provider is in the network. Simply ask the provider, call your Anthem Health Guide, or use Find Care at anthem.com/cova.

Annual Deductible
$1,750 for one person, $3,500 for two or more persons, each plan year.

Coinsurance
- 20% coinsurance after deductible
- Zero coinsurance and no deductible for Routine Wellness and Preventive services

Your Anthem Provider Network

Who’s in the network?

Anthem has one of the largest provider and hospital networks in the state of Virginia.

Network medical and behavioral health providers accept the allowable charge as payment in full after you pay any applicable deductible or coinsurance. That means lower out-of-pocket costs for you.

Note: Out-of-network benefits for medical and behavioral health services are not covered, except in an emergency. Be sure to use an in-network provider.

Finding an in-network provider is easy.
1. Go to anthem.com/cova and select Find Care.
2. Log in to the Sydney Health mobile app and click on Find Care.
3. Call Anthem Health Guides at 1-800-552-2682 for help.
Care When Traveling – out of state or worldwide

BlueCard® PPO Program for care in the U.S.

What happens if you're traveling or living outside Virginia and you need care? You have access to care across the country through the BlueCard® PPO Program. This includes a large number of providers and hospitals nationwide. When you see a BlueCard program doctor or hospital you pay only your usual plan deductible, copayment or coinsurance, and the provider files your claim for you. If you go to a doctor or hospital outside the program, you'll need to pay the entire bill up front and file your own claim.

Always show your Anthem ID card when you receive services. The “PPO-in-a-suitcase” symbol shows you can get care from BlueCard PPO Program providers.

Looking for a BlueCard PPO Program doctor or hospital?

1. Go to bcbs.com and select Find a Doctor.
2. Log in to the Sydney Health mobile app and click on Find Care.
3. Call Anthem Health Guides at 1-800-552-2682 for help.
Blue Cross Blue Shield Global Core Program for care outside the U.S.

If you're outside the U.S. and need care:

- Go to bcbsglobalcore.com and register or login. You can also download the Blue Cross Blue Shield Global Core app to search for a doctor or hospital.

- Need help finding a doctor or hospital, or have questions about getting care abroad? Call the Blue Cross Blue Shield Global Core Service Center 24/7 at 1-800-810-2583 (BLUE) or call collect at 1-804-673-1177. A service representative will help you set up a doctor visit or hospital stay. An assistance coordinator, together with a medical professional, will arrange a doctor’s appointment or hospital stay, if needed.

- Contact the Blue Cross Blue Shield Global Core service center if admitted to the hospital, and call the Member Services number shown on your ID card for precertification.

- You will need to pay up front for care, then fill out a Blue Cross Blue Shield Global Core claim form. Send the form and the bill(s) to the address on the form. Download the claim form from bcbsglobalcore.com and enter the three-digit alpha prefix found on your ID card. Or call Anthem Member Services to request the form.

Good to Know

Medical transport from another country to the United States (known as medical repatriation) is not covered under your plan. You may want to purchase travel insurance to cover that for you.

Your prescription drug benefits are through Anthem Pharmacy delivered by CarelonRx. It is a **mandatory generic** program which means if you or your doctor requests a brand name drug when a generic is available, you will pay for the brand coinsurance plus the difference between the allowable charge for the generic and the brand name drug after the deductible.

**Retail Pharmacy**

Get up to a 34-day supply of covered drugs at a network retail pharmacy. Once your deductible has been met, pay the coinsurance at the time of purchase. Your retail pharmacy network has more than 67,000 pharmacies across the country – including most chains and some local, independent pharmacies. To check if your pharmacy is in the network, simply ask your pharmacist, go to [anthem.com](http://anthem.com), or call us at **1-833-267-3108**.

When you use a network pharmacy, you pay only the applicable coinsurance after deductible.

If you choose an out-of-network pharmacy, you’ll need to pay the total cost of the drug when you pick it up, and then file a Prescription Drug Claim Form to get reimbursed. You may be responsible for the difference between the pharmacy’s charge and the plan’s allowable charge for the drug.

**Home Delivery Pharmacy**

Switching to home delivery is simple. You can place your first order by phone or online at [anthem.com](http://anthem.com). You pay **the appropriate coinsurance for a three month supply** of drugs when you use the Home Delivery service, and the medication is delivered right to your home.

**By phone:** Call **1-833-267-3108**. A representative will help you with your order. Have your prescription, doctor’s name, phone number, drug name and strength, and credit card handy when you call.

**Online:** Login to [anthem.com](http://anthem.com) and select Pharmacy Resources under *My Plans* to request a new prescription or refill a current prescription. Use your online Pharmacy tools to set up automatic refills, compare drug costs, and get details about medications.
Specialty Pharmacy

Specialty Home Delivery

Your pharmacy program includes access to a home delivery of specialty drugs. Specialty medications include biopharmaceutical and injectable drugs.

Call 1-833-267-3108 to begin using the Specialty Home Delivery service. Provide them with your doctor’s name and phone number, and they’ll do all the rest.

Specialty Retail

You can also obtain your specialty drugs from a participating retail pharmacy for up to a 34-day supply by paying the appropriate coinsurance.

Prior Authorization (required for some prescriptions)

Most prescriptions are filled right away when you take them to the pharmacy. However, some drugs need to be reviewed before they are covered.

If Prior Authorization is needed, your doctor must submit the request. Typically, a decision whether the drug will be covered is made within 24-48 hours from the time of the request.

It’s easy to get EOBs for your pharmacy claims on anthem.com!
