1. Locate the navigation bar at the top of the screen and select "My team" then "Performance reviews" as shown in Figure 1.

2. If you have a number of performance reviews, you can add the employee's last name to search for their review plan as shown in Figure 2. Then select Search.

3. Then select the employee's name as shown in Figure 3.

### IF A PERFORMANCE PLAN NEEDS TO BE EDITED

1. Locate the navigation bar at the top of the screen and select "My team" then "Performance reviews" as shown in Figure 1.

2. If you have a number of performance reviews, you can add the employee's last name to search for their review plan as shown in Figure 2. Then select Search.

3. Then select the employee's name as shown in Figure 3.
ADDITIONAL STEPS FOR EDITING A PERFORMANCE PLAN

4. Then select "Development and performance" and move down to the Performance reviews section, as shown in Figure 4.

5. Select the Review step as shown in Figure 5.

6. Select Submit to move the performance review to Planning as shown in Figure 6. Depending on where you are in the process, this may mean submitting it twice, such as sending it back from Touchpoints through Planning Approval to Planning, or more than twice.

7. Make your updates to the content and progress to the approval step. Both the employee and supervisor must approve again to proceed to Touchpoints. Remember to include the reviewer again as needed.

8. It's good practice to document updates in either a comment or a journal entry during Touchpoints to keep track of why this update occurred.

Note:

It is recommended not to change the plan less than 3 months prior to the end of the review cycle as there will not be enough time to evaluate the performance.
